Specifications

01616 SIP Air Nibbler

An effective air tool for cutting accurate paths on sheet metal allowing the operator to retain precision control of the cutting operation.

The SIP Air Nibbler operates with a powerful 3500strokes/min speed, and is ideal for cutting metal, free of burrs and distortion and can cut tight radii and contoured shapes.

Product specifications:

3500strokes/min working speed

18gauge (1.2mm) mild steel cutting

6.00CFM average air consumption

Lightweight and compact design

Solid and durable construction

Specifications:

Working Speed 3500strokes/min

Working Pressure 90psi (6.3bar)

Av. Air Consumption 6.00CFM (169ltr/min)
