

## 02801 TIGREN Electronic Welding Helmet

**Part No:** 02801

**Price:** £29.99 (exc VAT) Save £15.61 (RRP  
£45.60) | £35.99 (inc VAT)

### Specifications

02801 TIGREN Electronic Welding Helmet

The TIGREN Electronic Welding Headshield is an essential accessory for both welders and fabricators.

With an ultra fast 3/10,000sec light-to-dark response time for quick adjustment and excellent peripheral vision for an overall better welding experience.

Perfect for all home and trade MIG, ARC, and TIG welding applications.

Features

92.5mm x 42.5mm LCD large viewing area for a better visibility

3/10,000sec light-to-dark response time with 2 light sensors

Adjustable variable internal control; DIN 9 to 13

Powered via solar panel and Lithium cell supply

Specifications:

Screen Type: LCD

Power Supply: Solar panel / Lithium Cell

Full Screen Size: 118mm x 95mm

Viewing Area: 92.5mm x 42.5mm

Welding Shade: DIN 9 - 13 variable internal control

Light-to-Dark Reaction: 3/10,000sec (0.00003s)

ARC Sensors: 2 sensors
