Specifications

03660 SIP 20 Ton Bottle Jack

The SIP 20 Ton Bottle Jack offers powerful adjustable lifting up to 470mm via a serrated saddle for secure contact and 60mm screw extension, plus a heavy-duty cast iron build with safety valve.

Features:

20 Ton maximum weight capacity

242mm to 470mm adjustable lifting range

60mm screw extension for added versatility

Serrated saddle for safe secure load contact

Compact and lightweight design despite the

heavy-duty cast iron construction and base

Overload protection and safety valve

Ideal for workshops and garages
