

IsoPON P38 Easy Sand

Part No: 169236

Price: £7.95 (exc VAT) | £9.54 (inc VAT)

Specifications

169236 IsoPON P38 Easy Sand

P38 polyester filler is a two component chemical paste (filler and hardener) used for filling holes and imperfections in surfaces such as steel and GRP. P38 has been specially formulated for the professional user and the DIY hobbyist.

P38 combines good filling and smooth spreading properties together with easy sanding finish.

P38 can be used on the following surfaces, bare steel, degrease and abrade with P80 paper, original paint surfaces (with the exception of thermoplastic acrylics) degrease and abrade with P180 grit paper and GRP degrease and abrade with P80 grit paper.

P38 can be over-painted with most types of paint including 2K. Ideally a primer is recommended prior to painting.

P38 is very easy sanding which makes this product easy to work with. P38 also has good good filling properties enabling this product to be multi use.
