3.5mm Tiger type line

A dispenser of "tiger"-type round section co-extruded line with a 3.5 mm diameter for use with STIGA lawn trimmers and brushcutters.

This particular type of line is made with a unique mix of co-extruded materials for better cutting performance.

It ensures professional quality for every type of use. Designed for cutting grass and weeds.

This line guarantees fewer breaks, is highly flexible ensuring an improved cutting experience around stony areas, fences, kerbs and footpaths.

Suitable for the following models:

ETR 350 J (2010-2011)

SGT 350 (2011 - 2020)

SGT 350 (2014) [252035002/13]
