Specifications

25153 SIP Medusa T5500 Silenced Diesel Generator

The SIP MEDUSA T5500 Silenced Diesel Generator is a mobile power supply solution.

It is suitable for workshops, general construction and mobile hospitality.

Other uses include powering machinery, tools and lighting and has automatic voltage regulator for sensitive electronic devices.

Fitted with a 110v (3.5kW) and 230v (5kW) sockets.

It offers an overall runtime of 15hrs at 50% load from a 16ltr fuel tank.

Powerful yet silenced, the generator is enclosed in a heavy-duty metal cabinet for soundproofing.

Key Features

5.5kVA (5.5kW) peak / 5kVA (5kW) continuous outputs

110v and 230v supply with AVR (Automatic Voltage Regulator)

Heavy-duty silenced generator cabinet

Digital display indicates volts and runtime

Fitted with large wheels for rough terrain surfaces
