**Price:** £832.50 (exc VAT) Save £108.33

(RRP £940.83) | £999.00 (inc VAT)

### Specifications

Stiga Twinclip 950e VR Kit

#### **Complete with 2 E475 7.5Ah Batteries and Dual Battery Charger**

If you enjoy perfectly mown stripes running down your lawn, then the STIGA Twinclip 950e VR is the ideal cordless answer for your garden.

This robust and powerful self-propelled mower gives a heavy-duty performance – but you won't feel the weight manoeuvring it around.

Adjusting the height is made easier too with trigger points on the handle that simply click into place.

Two STIGA ePower 48 V 7.5 Ah batteries drive the ultra-powerful 2.2 kW motor, so you can mow a vast 1,100 sqm in just 25 minutes on one charge.

A 48 cm cutting width makes light work of any lawn. The double-layered Twinclip blade – designed, engineered and patented by STIGA – maximises the cutting and collector bag efficiency.

Obstacles are no problem either for the highly resistant plastic front protecting the deck – complete with a sturdy aluminium handle to help you lift up and move the mower about.

Choose from seven different cutting heights by moving the lever on the central mechanism. Use the intuitive keypad to choose from six different speeds so the mower matches how fast you walk.

The keypad puts all the control at your fingertips – including an Eco-mode for even better battery energy management.

And after the rear roller has left its traditional striped finish on the grass.

You'll find emptying the clippings is quick and effortless too thanks to the STIGA patented One-motion system, which among others allows you to remove and reattach the grass bag with one hand.

5-year Domestic manufacturer's warranty\* is included with this machine (T&C's apply).

**This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.**
