(RRP £607.50) | £549.00 (inc VAT)

Specifications

Stiga Collector 548e S Kit

Complete with 2 E440 4.0Ah Batteries and Dual Battery Charger

From smooth lawns to bumpy landscapes, mowing's made easier with the new self-propulsion battery powered Collector 548e S Kit lawn mower.

Driven by two potent synchronised 48V 4Ah batteries, this powerful self-propelled lawn mower covers up to 550sqm on one charge.

And because its battery powered, you'll find it's much quieter than a petrol lawn mower.

For efficient working and longevity, this cordless lawn mower also comes with an extra-powerful brushless motor.

To get the best results, one lever lets you easily adjust your cut to six different heights – while its 46cm cutting width enables you to cover your lawn quickly.

You'll also enjoy fewer trips to your garden waste bin, thanks to a spacious and sturdy 60l hybrid grass catcher, complete with a full box indicator and textile bag.

When the mowing's done, just fold the adjustable handle forward, store your lawn mower away, and get on with the rest of your day! Batteries and dual charger included.

This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.
