

## MXS 25 Battery Charger

**Part No:** 56763CTEK

**Price:** £284.55 (exc VAT) | £341.46 (inc VAT)

### Specifications

<b>Specifications</b>	- CTEK chargers were the first to employ 'smart' technology which uses 'switched mode' electronics (found in computer technology) making them more flexible and accurate than 'linear' transformers; this enables them to have dedicated cycles for different battery technologies and problems; and also allows them to be small yet powerful.
<b>Benefits</b>	- CTEK chargers provide fully automatic charging, maintenance and battery care - Safer for people and vehicles, CTEK chargers are foolproof to connect, spark proof, reverse polarity protected and regulate mains voltage to protect sensitive electronic and audio equipment meaning there is no need to disconnect the batteries - 2 year warranty
<b>Application</b>	- Ideal for heavy duty and workshop use on agricultural equipment, caravans and boats - 25 A charges and maintains batteries up to 500 Ah
<b>Unit</b>	Each
<b>Protection class</b>	IP 44 outdoor use
<b>Dimensions</b>	235 x 130 x 65 mm
<b>Battery Capacity</b>	50 - 500 Ah
<b>Back current drain</b>	< 2 Ah / month
<b>Weight (-kg)</b>	1.4
<b>Voltage (-V)</b>	170-260 V AC; 50-60 Hz

**Charge Voltage (V)** 12V

**Charge Current (A)** 25A
