Price: £6.25 (exc VAT) | £7.50 (inc VAT)

Specifications

HS3487411 Maxiflex Ultimate Gloves XXL

Specifications - The MaxiFlex® Ultimate™ was specially designed as an air-permeable glove and is considered the standard for precision work in dry environments.

Benefits - The glove with the highest breathability on the market

- 25% thinner
- The ergonomic fit prevents hand fatigue and increases wearing comfort.
- The latest knitting technology is used for the smooth rounded fingertips to ensure maximum sensitivity.
- Owing to the uniform application of the liner to the nitrile coating, the skin only comes into contact with the soft liner.

Application - Do-it-yourself activities

- Manual finishing and inspection
- Garden work
- Working with small parts
- Any type of assembly work
- Maintenance work
- Logistics and warehousing
- Handling tools and instruments
- Cabling

Properties - Breathable all over

- Outstanding grip control due to nitrile nubbing on the palm
- Skin-friendly and certified according to the Öko-Tex® standard

Size 11 / XXL
