

JEFSLGS20 Jefferson Broaching Cutter 20mm

Part No: JEFSLGS20

Price: £21.95 (exc VAT) | £26.34 (inc VAT)

Specifications

JEFSLGS20 Jefferson Broaching Cutter 20mm

High quality, precision tool

Manufactured from fully ground M2 steel

Measures 12mm diameter by 25mm length

Offer better economy, quality and performance

Made in Britain

More efficient than HSS M-2 or Cobalt Annular , rotabroach style or mag drill cutter

The higher RC hardness delivers more cuts before re-sharpening

Compatible with virtually all makes of magnetic drill
