Specifications

Sealey SS3 Pressure Sprayer 8 Litre

With a net weight (without liquid load) of 1.23kg this Sealey pressure Sprayer is ideal for carrying around to do your spot spraying jobs.

With a fan or direct spray jet application, this is an ideal unit for garden or use on smaller horticultural spraying jobs.

Features:

- Ideal for spraying a wide variety of fluids including water, herbicides, pesticides, insecticides, fungicides and solvent-free preservative treatments.
- Metal lance with adjustable nozzle which can be switched between mist and jet settings.
- Fitted with adjustable shoulder strap and pressure relief valve.
