

VLB4338 Choke and Carb Cleaner 500ml

Part No: VLB4338

Price: £7.28 (exc VAT) | £8.74 (inc VAT)

Specifications

VLB4338 Choke and Carb Cleaner 500ml

VLB4338 is a powerful, blended solvent degreaser, designed primarily to clean deposits from induction system components.

For the removal of oil, grease and gum deposits from metallic components utilized in carburettors and fuel injection systems, in particular carburettor bodies, air control valves, throttle bodies, air intake butterfly valves.

- Dissolves all conventional automotive oil and grease deposits.
- Safe for use in conjunction with oxygen sensors and catalytic converters
- Rapidly softens and removes fuel deposits
- Helps restore engine performance.
- Quick Drying & Fast Acting
- 360° rotational valve
- Acetone, Silicone & Chlorinated Solvent-Free

Size 500ml
