

## VLC2361 Canbus led load resistor

**Part No:** VLC2361

**Price:** £14.40 (exc VAT) | £17.28 (inc VAT)

### Specifications

VLC2361 Canbus led load resistor

LED CANbus load resistor kit - 12V, 6 Ohmm 50W.

Designed to eliminate CANbus dash error warning, hyper-flash and 'one-bulb' out issues when converting to or using LED lighting.

Simulates current draw used by a standard direction indicator or warning beacon halogen bulbs.

IMPORTANT - must be mounted on metal surfaces.
