Specifications

XMS24CLAMPS Irwin Quick-Grip 300mm (12in)

The XMS 12in Quick Change™ Medium-Duty Bar Clamp, Twin Pack, from Irwin Quick-Grip® does its magic for you in seconds.

These efficient Irwin Quick-Grip® Bar Clamps convert from a clamp to a spreader in seconds, with a clamping hold load of 136kg.

The lockable swivel jaw enables uneven surfaces to be clamped and it is fitted with square XP-style protective pads to protect the work surface from damage.

Enhance your clamps with a wide range of QUICK-GRIP® Clamp Accessories.

Specifications:

Clamping Capacity: 300mm (12in).

Spreading Capacity: 515mm (20in).

Clamping Force: 136kg.

Pack Quantity: 2.
