### Specifications

XMS24HEAD Lighthouse 400 Lumens Elite Rechargeable Headlight

The New XMS 400 Lumens Elite Rechargeable Headlight, produced by Lighthouse, really does a good job, and when needed has an excellent Boost feature, again a super XMS saving.

This compact and lightweight rechargeable head light features a 400 lumen output LED with three operating modes of High, Medium & Low, with an emergency use boost function for when extra lumens are required.

It is a compact head torch with a super bright Boost feature.

Resulting in a runtime of up to 40hrs dependant on light mode selection, temperature and life cycle usage.

It is held in a reflective headband, and, most importantly, is a rechargeable head light.
